ASSIGNMENT

WHEREAS, we, Roger D. Chamberlain of 64 Notre Dame Drive, St. Louis, Missouri 63141; Benjamin M. Brink of 17 Washington Terrace, St. Louis, Missouri 63112; Jason R. White of 902 Dogwood Creek Drive, Apt. I, Manchester, Missouri 63021; Mark A. Franklin of 7456 Stratford Avenue, St. Louis, Missouri 63130; and Ronald K. Cytron of 49 Granada Way, St. Louis, Missouri 63124, have invented certain new and useful improvements for *Intelligent Data Storage and Processing Using FPGA Devices* for which we executed an application for Letters Patent in the United States identifying us as the only inventors thereof said application being assigned serial number 10/550,326 by the U.S. Patent and Trademark Office and identified as Thompson Coburn LLP, Docket 53047/57365;

WHEREAS, Washington University, a corporation of the State of Missouri having its principal office and place of business at One Brookings Drive, St. Louis, Missouri 63130, is desirous of acquiring one-half (50%) ownership of the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to the patent to be obtained thereon.

WHEREAS, Exegy Incorporated, a corporation of the State of Delaware having its principal office and place of business at 3668 South Geyer Road, Suite 300, St. Louis, Missouri 63127, is desirous of acquiring one-half (50%) ownership of the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to the patent to be obtained thereon; and

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) to us in hand paid, and other good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, we, Roger D. Chamberlain, Benjamin M. Brink, Jason R. White, Mark A. Franklin, and Ronald K. Cytron, have sold, assigned and transferred and do hereby sell, assign and transfer unto said Washington University, its successors or assigns, one-half (50%) ownership of the entire right, title and interest in and to said invention and improvements as the same are disclosed in said application which was executed by us in and to said application, and in and to any Letters Patent, including divisionals, continuations, reissues, reexaminations and extensions to be obtained therefor in the United States and all foreign countries; and we further agree to cooperate with the assignee hereunder in the obtaining and sustaining of any and all such Letters Patent as the assignee may desire to apply for, but at the expense of said assignee.

Furthermore, in consideration of the sum of One Dollar (\$1.00) to us in hand paid, and other good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, we, Roger D. Chamberlain, Benjamin M. Brink, Jason R. White, Mark A. Franklin, and Ronald K. Cytron, have sold, assigned and transferred and do hereby sell, assign and transfer unto said Exegy Incorporated, its successors or assigns, the remaining one-half (50%) ownership of the entire right, title and interest in and to said invention and improvements as the same are disclosed in said application which was executed by us in and to said application, and in and to any Letters Patent, including divisionals, continuations, reissues, reexaminations and extensions to be obtained therefor in the United States and all foreign countries; and we further agree to cooperate with the assignee hereunder in the obtaining and sustaining of any and all such Letters Patent as the assignee may desire to apply for, but at the expense of said assignee.

The Commissioner of Patents or other proper official is hereby authorized and requested to issue said Letters Patent to said Washington University and Exegy Incorporated in accordance with this Assignment.

The undersigned hereby authorize and request the attorneys of record in said application(s) to insert in this Assignment the serial number, filing date, and date of execution of said application(s).

For said considerations, the undersigned hereby agree, upon the request and at the expense of said Assignees, to execute any divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in an interference, to cooperate to the best of the ability of the undersigned in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned agree to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States and vest in said Assignees all rights therein, whereby said Letters Patent will be held and enjoyed by said Assignees, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment has not been made.

And for said consideration, the undersigned hereby assign to each of said Assignees one-half (50%) ownership of the entire right, title and interest in said invention or improvements for all foreign countries,

including all priority rights, and agree to execute, at the request of said Assignees, all documents in connection with any application for foreign Letters Patent therefor.
